- All Languages Supported – Remediation services available for multilingual documents

COMPANY INTRODUCTION

Founded in 2021, Techmore IT Solutions Pvt Ltd is a global provider of PDF accessibility and remediation services, helping organizations make their documents compliant, user-friendly, and inclusive. We partner with businesses, universities, governments, and translation companies to ensure every document is accessible to people with disabilities.

Compliance Standards

We remediate documents in compliance with:

- PDF/UA (ISO 14289)
 - WCAG 2.1 / 2.2
- Section 508 (U.S. Federal Law)
- ADA (Americans with Disabilities Act)
 - EAA (European Accessibility Act)
- AODA (Accessibility for Ontarians with Disabilities Act)

PROCESS / WORKFLOW

1. **File Review & Scope Confirmation** – Initial analysis and sample if required
2. **Remediation by Specialists** – Applying accessibility standards
3. **Multi-Level Quality Assurance** – Internal QC + Assistive Tech Testing
4. **Final Delivery with Report** – Accessible file + compliance validation
5. **Support & Revisions** – Fast turnaround for any final adjustments

Advantages / Why Choose Us

1. Established in 2021 with proven experience
2. Strict compliance with international accessibility standards
3. Experienced remediation specialists
4. Secure, confidential file handling with NDA options
5. Support for all languages
6. Competitive and transparent pricing
7. Fast turnaround: 24–72 hours for small/medium projects
8. Scalable team for high-volume projects
9. Free 5–10 page sample available for quality review
10. We also collaborate with companies who already provide PDF remediation, offering additional capacity and support.
